REMARKS

The figures of births and deaths of India shown in this statement for week ending the 12th January 1957, relate to 164 towns with an estimated population of 24,905 thousands. Information about Andhra Pradesh, Bihar, Madhya Pradesh, Pondicherry, Rajasthan and West Bengal could not be included. The total number of towns is 318 and their population is 41,584 thousands. Thus 52% of the total number of towns representing 60% of the total population is

covered in this statement. The number of births and deaths recorded in these towns were 15,333 and 6,368 representing birth and death rates of 32.0 and 13.3 per thousand of population respectively.

No town recorded a high death rate of 50 or over per thousand of population. The following table gives the position by States.
